Le 757 - The Restaurant

Le 757 restaurant gets a makeover! The Collectivité européenne d'Alsace has embarked on a major building project: a 2-storey restaurant with over 200 seats in the castle's star-shaped Bastion.

This new restaurant will enable the restaurant to develop its menu, offer new services and welcome coach operators and seminars. **Work** will start shortly and **should be completed in 2027**.

In the meantime, to continue to offer a catering service at the castle, the restaurant has moved into **temporary premises**.

The new space has a capacity of around seventy, allowing it to cater **exclusively for individuals**.

Le 757 is open all day (except 01/01, 16/10, 25 and 26/12), until the monument closes at the end of the day. You can enjoy Alsatian cuisine and try an organic range.
